

The changed format after the decision by the Local Organising Committee

To subscribe the abstracts and presentations:

- Those who have registered to the conference will receive the unique access code to subscribe to the accepted abstracts and presentations for oral, poster and proposed symposia. The functions to communicate with the authors will be equipped.
- Due to the time differences and facility constraints, there will be no interactive sessions organised.

Information for presenters:

- Those who have submitted and accepted their abstracts will be contacted by the secretariat for the further instructions.
- Abstracts and presentations will only be made available online if at least presenting authors have completed their registration by set due date.
- A certificate of presentation will be issued to those presentations submitted as instructed.
- For Keynote lectures, Thematic lectures and symposia, we fully depend on the contributions from the speakers, and not all abstracts and presentations will be made available online.

Please note: We will make the abstract downloadable, but not the presentation files.

How to participate in the online conference:

As the conference format has changed to the online conference, the registration fee will be amended accordingly as follows:

- Regular and student participation: 10,000 JPY
- Members of the Japan Society of Physical Education, Health and Sport Sciences will be contacted separately
- Those who have already registered and paid for the full amount registration fee will receive a refund. Process how to claim for the refund will be communicated separately.
- Administration charge will be covered by the organiser.

Withdrawal of presentation:

Those who wish to cancel their presentation at this form of conference should notify the secretariat in writing.

If they wish to cancel their participation too, the refund will be made, but administration charge will be deducted from the refunded amount.

Withdrawal and cancellation should be notified in writing to the secretariat (with reference to the abstract and/or registration numbers).

Detailed instructions and due dates will be announced on the website soon.
